[From the Frankfort Yeoman.] "THE INSOLENCE OF OFFICE."

The conduct of the Secretary of State, in re fusing an examination of the public documents in his office, to Messrs Reed and Wolley, a committee of the Electoral College, was not only un-warrantable and without precedent, but strictly speaking, a violation of law and an insult to the Electoral College and their constituents, the people of this State. We have been unwilling to do the Secretary injustice in the premises, and we have accordingly given due attention to both follows: sides of the question, and presented both with impartiality to our readers.

The Electoral College, through a committee had undoubted right to make any examination of the vote by which they were constituted a body to act in their proper capacity, or to pass any resolutions stating the true vote of Ken-tucky, or any other matter, not conflicting with the rights of individuals, or any other department of government, and having no legal force or effect outside of the peculiar duties enjoined upon them by the Constitution and laws of the State and the nation. This proposition is so forcible as to need no argument to sustain it. lution of thanks to their presiding officer, or to stipulate the amount of pay that their clerk or sergeant should receive for their services. In point of fact, they had a peculiar right, as candi-lates. to know the number of votes cast for as individuals, to examine the public documents, and obtain copies from them for the legal fees of the officer having them in charge. The fact of this country. They had the right, furthermore, their being Electors did not impair or set aside their rights as citizens. Possessing these claims for information, Messrs. Reed and Woolley called t the office of the Secretary of State and asked

1. The privilege of seeing and reading the election returns for Presidential electors in the election held in this State on the 4th of Novem-

2. That the Secretary of State would designate vote, by the Commissioners appointed by law

3. That the said Secretary of State would make from his records such copies of said returns as upon the examination, the undersigned might request him to make, allowing him therefor the legal charges of his office.

All these requests the Secretary of State positively refused to grant, as we think, in violation of the proprieties of the occasion and of the laws of the land. His apology for such remarkable conduct we consider weak and inconsistent in the extreme. He denies to Messrs. Reed and Woolley privileges that he admits belong to every citiof the Commonwealth, because he chose to consider them a committee of the Electoral Colege, and supererogated to himself the authority decide upon the legality of and to limit the duties of the College. Now we consider the Secretary of State as the mere custodian of the pubdocuments and archives in his office, and as aving no authority to prescribe the duties of the College. He saw before him the two gentlemen, who, according to his own admission, were en-titled, as citizens, to the desired information, and naving no discretion in the matter, by law, it was a piece of petulent and pompous impudence in him, as an officer, to make the enquiries and they failed to state the capacity in which they acgated by the next Legislature. Our remarks apoly only to the official character and conduct of e Secretary. What his motives might have been for so singular and anomalous a proceeding, is a subject we are not prepared to discuss.

PETERS, CRAGG & CO.'S Piano Forte Factory. MAIN STREET, Between Thirteenth and Fourteenth

THE subscribers beg leave to call the atten tion of dealers, professors, and others wishing to purchase Piano Fortes, to the extensive as sortment of their improved circular scale full iron frame natruments, now on hand and ready for finishing. By the erection of a large additional factory bunding, they are prepared, should the wants of the trade demand it, to turn out seven instruments per week, or 250 Pianos per annum. Buyers may rely upon getting instruments fully equal, in all the requisites of a good Piano, to any made in the United States, and at a saving of from 25 to 50 dollars on each instrument. All the wood used in our manufactory is thoroughly seasoned, and no pains or expense are spared in turning out each Piano perfect in every respect. For two consecutive years the Agricultural Association and Mechanics' Institute have awarded first premiums to those Pianos over all others when in competition.

Hogs .- The Louisville Price Current of Friday gives the following:

The slaughtering for this season is nearly at within a week. The feeling in the market is firm, but the supply of hogs is not adequate to the wants of packers. Complaints of short crops reach us from all parts of the country. A private letter from St. Louis, under date of the 8th inst., states that the packing there promises not to exceed 60,000 hogs against 90,000 last year. The Cincinnati Gazette of yesterday says: "The river is receding slowly at this port, with eleven feet in the channel, by the water-works mark. At Pittsburg, the river is again rising, with four feet five inches water in the channel. The weather yesterday was clear and spring-like."

The ice floating in the river at St. Louis weight is supposed to amount to about 10 per cent. It is thought by many that the falling of in packing at this point will exceed the amount mentioned in our last issue (80,000) by from 20,090 to 30,000 hogs. DR. ROBACK'S SCANDINAVIAN REMEDIES .- In lirecting the attention of our readers to Dr. Roback's advertisement, we have no hesitation in saying that all he claims for his medicines is confirmed by certificates from all parts of the west The language of these certificates is so earnest and grateful, and the cures refer to such a variety of diseases, that it would be folly to question the restorative properties of the preparations. It appears that while botanizing among his native mountains, in Sweden, during a visit to that country some years ago, he collected a large quantity of rare medicinal herbs, unknown in this country, and by combining the liquids and solid extracts of these solid extracts of those possessing powerful detergent properties, he succeeded in producing his celebrated Blood Purifier and Blood Pills, which are said to exercise a more beneficial effect upon the fluids of the human body than any other curatives in existence. Dr. Roback's theory is, that all diseases originate in the blood, and it would seem that the rapid recovery of his patients, under a course of these disinfectants. affords strong presumptive evidence that his pathology is correct. Certain it is that the celebrity of his medicines increases daily, and that he has authentic proofs of their success in his possessions. See Advertisement.

Dr. S. A. Weaver has turned his attention Dr. S. A. je7 dly Williams's Anti-Dyspeptic Elixir S, with the utmost cofindence, offered to the Medical Paculty and the public, for the cure of Dyspepsia or Indigestion, and all diseases arising from it, such as Nausea, Headache, etc., Verigo, Dimness of Sight, Debility of the Nervous System, Hypochondria, Jattudice, Loss of Appetite, Wasting of the strength, Flatulence, with frequent belching of Wind, Vitiated taste,

Flatulence, with frequent perching of Vitiated taste, Constipation and uneasiness of the bowels, ralious Vomiting,

Vinated taste,
Constipation and uneasiness of the bowels,
calious Vomiting,
Burning sensation at the pit of the stomach,
Liver Complaint,
Oppression after eating,
Palpitation of the Heart,
Pain in the pit of the stomach, or towards the right side,
Sallowness of complexion,
Depression of spirits and irritability of temper, &c.
If a case of dyspepsia should be neglected, most serious
effects may ensue, for it lays the foundation for, is the incipient cause of, and very frequently terminates in consumption I would impress upon the mind that to trifle
with this disease, may be to sport with that reason which
constitutes man super-eminent among animal beings, or
to embitter existence by adding a consciousness of folly
to the penalty of pain.
This medicine is prepared entirely from vegetable substances; the most delicate stomach can bear it conven
leadly, and it is given with perfect safety, in minute doses
to the most tender infants, its properties being of a
strengthening and invigorating nature. It is neatly put
up in bottles, with ample directions for use.
The following testimonials from some well known and
respectable citizens of Philadelphia, are fully corroborative of the tried efficacy of the Anti Dyspeptic Elixir.

Attetsation. We, having used William's Anti-Dyspectic Elixir with the most perfect satisfaction and success, take great plea-sure in recommending it to all persons suffering with Dys-pepsia, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pain and uneasiness, and imparting a healthy tone to the stomach.

This list of names could be extended to almost any length, but the foregoing is deemed sufficient. Testimony of Mr. Michael Dunn, Superintendent of the Philadelphia Exchange, corroborative of the efficacy of Williams's Anti-Dyspeptic Elixir.

PHILADELPHIA, March 16, 1868.

Doctor Jadies Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly afficted with its symptoms, than within the last few weeks. Indigestion, nervous irritability, despondency, a sense of weight in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Forthardly, I was recommended by a friend to try your Elixir. I did so, and in less than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with mental and bodily health, were fully restored. To me the cure seemed almost miraculous, and my object in writing to you s—a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy.

I am, dear sir, yours truly.

In calling the attention of dealers in our line in his market, we would state that during the last six months our attention has been directed to getting up a large number of new Stove and Grate Patterns, which, added to our already large stock, gives us one of the most extensive and diversified assortments in the western market. Among the number, we would refer to our "A-shland Kentuckian" (Cook Stove, (three sizes out.) These Stoves have grea a weight of metal, highly finished and elegant in appearance. They combine all the modern improvements that practical experience has developed.

We would invite dealers to call and examine for themselves, and we think in quality, price, &c., they can be suited. Having enlarged our manufacturing department, we can promptly meet all demands. Thankfulfor the pat romage which has been so kinkly bestowed upon us, we trust, by strict and prompt attention to all orders, to secure a continuance of it. And the quality of our manufactured work shall be, as heretofuce, equal if not superior to the best, and satisfaction given in all casees.
